

Exercise: Background

1. Open Notepad and type the following:

```
<!DOCTYPE html>

<head>

<style>
body
{
font-size:20px;font-family:arial,verdana;
}

//internal style sheet

</style>

</head>

<body>

<h2>Background</h2>

<p>If you place a background image on an element make sure the
image does not over power the content. We are going to place a
star as a background image.</p>

</body>

</html>
```

2. Add the following styles inside the internal style sheet:

- a) Insert a background image, of your choice, in the body

- b) Change the background colour of the paragraph to black and the text colour to white

3. Save the file as background.html
