

Exercise 4: Canvas

1. Look at the document below and fill in the blanks

```
<!DOCTYPE html>

<head>
</head>

<body>

<canvas id="draw" width="300" height="150">
</canvas>

<script>

var ourCanvas=document.getElementById("_____");

var x= _____.getContext("2d");

x._____Style="orange";

x.fillRect(10,10,200,100);

// Add the text code goes here

</script>

</body>

</html>
```

2. Open Notepad and type the above document.

3. Add the following text inside the <script></script> tags

- a. x.font="bold 40px arial";
- b. x.fillStyle="red";
- c. x.fillText("hello",60,70);

4. Save the file as canvas.html
