Answer 3:

Conditional Statement

1. Look at the script below and answer the following questions:

   a. Write down what result will be shown on the screen.

Tennis at 3am

   b. Change the time variable value to 6 then write down what result will be shown on the screen.

No Classes at this time

   c. Change the time variable value to 4 then write down what result will be shown on the screen.

Keep Fit at 4pm

```
<script>

var time=3;
 switch (time)
 {
 case 1: document.write("Dancing at 1pm ");
 break;
case 2: document.write("Cooking at 2pm ");
 break;
case 3: document.write("Tennis at 3pm ");
 break;
case 4: document.write("Keep Fit at 4pm ");
 break;
 default: document.write("No classes at this time")
 }
</script>
```
