

Answer 1: Loops

1. Open Notepad and type the following :

```
<!DOCTYPE html>
<head >

<script>

var num=1;

var booking=6

for (num = 1; num<=booking; num++)
{
document.write("booking " + num);

document.write("<br><br>");

}
</script>

</head>

<body></body>

<html>
```

Displayed on the screen:

```
booking 1
booking 2
booking 3
booking 4
booking 5
booking 6
```
