

# Answer 2: Loops

## Continue Statement

```
<script>
var num=1;
var booking=6

for (num = 1; num<=booking; num++)

{
if (num==2)

{continue;}

document.write("booking " + num);

document.write("<br><br>");
}
</script>
```

## Break Statement

```
<script>
var num=1;
var booking=6

for (num = 1; num<=booking; num++)

{
if (num==2)

{break;}

document.write("booking " + num);

document.write("<br><br>");
}
</script>
```
