

Exercise 1: Loops

1. Open Notepad and type the following :

```
<!DOCTYPE html>
<head >
<script>

var num=1;
var booking=6

//for loop code goes here
{
document.write(outcome code goes here);

document.write( "<br><br>" );
}
</script>

</head>
<body></body>
<html>
```

2. Insert a for loop code where *num* is less than and equal to *bookings*
3. Inside the document. write type the outcome code for the loop.
4. Write what is displayed on the screen ?

5. Save the document as forLoop.html
