

Exercise 2: Math Object

```
<!DOCTYPE html>
<head >

<script>

var radius=5;
var area;

document.write("1.Method:" + Math.random() +"<br><br>");

document.write("2a:" +(Math.floor(Math.random()*20))
+"<br><br>");

document.write("2b:" +( Math.floor(Math.random()*5)+1)
+"<br><br>");

document.write("3.Area:" + Math.floor((radius*radius)*Math.PI)
+"<br><br>");

</script>

</head>

<body></body>

<html>
```
